

LASERPACK

by A.C.T. DUST COLLECTORS

Model: ACT LaserPack 4

CAPACITY RANGE
Air-to-cloth Ratio | CFM
2:1 | 2,000

A.C.T. Dust Collectors is proud to offer a dust collector designed specifically for the laser cutting industry. Introducing the ACT LaserPack 4. Unique, heavy duty, effective, in a plug-and-play package, complete with integrated cyclonic spark trap on the inlet of the dust collector. The unit also features an integrated motor/blower that is surrounded with noise attenuation material for quiet operation. The controls are mounted on the side of the collector and prewired for easy, on site hook up. An optional remote start feature is available to start the LaserPack from the main laser system controls. The dust drawer base makes for easy handling and disposal of the collected dust. All of this is available in a quality package that A.C.T. Dust Collectors has built its reputation on.
